

# 40K for Angel Babies in 40 Days!

*"We're just so grateful for what Hinds Hospice did for our family. I tell people, if you just reach out, help is there. They will treat you with respect, and guide you through the grief journey. We can't thank them enough." Victor Dominguez, Angel Baby Dad*

*The Dominguez Family*

What do you do when your biggest fundraiser of the year is cancelled because of COVID-19, and you still need to support Valley families who have lost a child? You send a letter like this, and hope people like you will help.

Our Angel Babies Walk/Run generates almost half the funds needed to care for Angel Babies families. Because Angel Babies is entirely community funded, families receive services at no charge. When a family loses a baby, we respond with home and hospital visits and memory making opportunities. We invite families to participate in group grief support providing connection to other families experiencing the same type of loss.

We sincerely thank everyone who participated in the "Virtual" Angel Babies Walk/Run this year. Our teams, individual walkers and sponsors raised almost \$70,000! It was an amazing effort, and our goal is \$110,000! We only have \$40,000 more to go.

Can you help with our goal to raise \$40,000 in the next 40 days (by May 30) to ensure services are available for all families in need?

You can make a one-time or recurring gift by logging onto [www.lovehinds.org](http://www.lovehinds.org) and selecting "angel babies."

You can mail your check to 2490 W. Shaw Ave. #101, Fresno, CA 93711 and indicate "Angel Babies" on the memo line.

Walk/Run teams can also continue to fundraise and send their donations to 2490 W. Shaw Ave. #101, Fresno, CA 93711.

**\$40,000 in 40 Days! Together we can do this!**

Thank you for your continued support.

Jeannie Neathery,

Hinds Hospice Development Manager
