

This support group is an effort to support those who are caregivers for loved ones with a chronic or life-limiting illness. Caregivers may be loved ones of patients of Hinds Hospice, as well as those who are caregiving within our community. Support groups can provide an opportunity to share stories, encourage others, gain knowledge and resources; to be encouraged, and to have our feelings supported by the facilitator and group members. The group is facilitated by the staff of the Hinds Hospice Center for Grief & Healing. There is no fee to attend.
